History of the Common Council of the City of Indianapolis

Indianapolis was established as a town in 1821. It was at this time that a commission, appointed by the legislature, selected this location as a site for a seat of government of the State of Indiana.

The Town of Indianapolis conducted its affairs pursuant to the general laws of the state until 1832. In this year the town was incorporated and was governed by a board of five trustees.

In 1838, pursuant to a special act of the legislature, Indianapolis was re-incorporated and placed in the hands of its first Town Council composed of a president and six members.

The Common Council continued in a large measure to control the affairs of Indianapolis as a town and as a city under various so-called charters or grants of the legislature until 1891.

Under a special act of the legislature of 1891 for the City of Indianapolis, a somewhat different form of government was established. While the Council continued to exercise broad control over the city's affairs, various executive departments of the city were provided, such as Public Works, Public Safety, Public Parks and Public Health, conducted by boards appointed by the Mayor. These boards were granted specific powers and duties concerning the city's business previously exercised by the Council through committees subject, however, in some cases to approval of the Council in all matters of expenditure of money and appropriation of funds by the Council.

For some time prior to 1891 the City of Indianapolis was divided into 25 wards represented by 25 Ward Councilmen. Their term of office was two years and they were eligible for re-election. At this time there was also a separate body operating in conjunction with the Council called the Board of Aldermen, composed of ten Aldermen, representing five Aldermen districts, two being elected from each district.

Under 1891 act, the Board of Aldermen was abolished and a Common Council of 21 members was established. Fifteen members were elected to represent 15 wards and six members were elected to represent the city at large.

This form of Council continued to exist in Indianapolis under the general cities and towns act of 1905. The act of 1905, while often referred to as the Indianapolis Charter, is very largely a re-enactment of the 1891 Indianapolis Charter, modified to make the Indianapolis system applicable to all classes of cities of the state. The 1905 law increased the term of Mayor and Councilmen to four years and prohibited re-election.

In 1909 a novel Councilmanic law for Indianapolis alone was passed by the legislature. This law limits the number of Councilmen to nine. The law provides for the nomination by each party of six candidates, one from each of six Councilmanic Districts. In the election all of the voters of the city may vote for any nine candidates and the nine receiving the highest number of votes are elected. This law insures a minority representation in the Council of at least three members. In 1949 the legislature amended the statutes to permit Councilmen to succeed themselves.

History of the City-County Council of the City of Indianapolis

In 1969 the legislature enacted a law, popularly known as the "Unigov Act," which consolidated the City and County into one governmental unit. The act further provided for the creation of an interim City-County Council which served as the legislative body for the City and County until the new Council was selected in November, 1971, and took office in January of 1972.

The act provided for the division of the County into twenty-five single member Councilmanic Districts, each district electing one resident from that district. In addition, there were four At-large Councilmen, elected by voters of the entire county.

Unified Government of Indianapolis-Marion County is an attempt to make metropolitan government simpler, more functional and more responsive to citizens' needs. Under the new structure, six major departments replace the more than sixty which were in existence previously.

WHEREAS, the public policy of the State of Indiana is set forth in Indiana Code 19-5-2-2 which states:

48-8802. Declaration of public policy.— It is hereby declared that: (a) there are cities in this state which have urban mass transportation systems but in which the service rendered by such systems is inadequate or in imminent danger of becoming inadequate; (b) there are cities in this state which have urban mass transportation systems but in which there is imminent danger of complete cessation of the service rendered by such systems; (c) there are cities in this state which have no urban mass transportation systems; (d) there are cities in this state in which the establishment and maintenance of

an urban mass transportation system rendering adequate service is essential to relieve traffic congestion which would otherwise prevent the rapid and efficient movement of persons and goods in and about such cities, thus interfering with the primary function of the streets, and which would otherwise prevent the rapid and efficient deployment of police cars, fire engines and other emergency equipment in and about such cities, thus jeopardizing the health, safety and welfare of the general public; (e) there are cities in this state in which the establishment and maintenance of an urban mass transportation system rendering adequate service is necessary to the proper utilization of the factories, stores, warehouses, commercial, professional and governmental offices, schools, recreation facilities and other places where members of the general public congregate; (f) there are cities in this state in which the establishment and maintenance of an urban mass transportation system is necessary to the welfare of the general public in that it expands the economic and social opportunities available to the residents of such cities and particularly those who, for economic reasons, reasons of health, reasons of age or demonstrated unfitness to operate a motor vehicle cannot freely move about except through the services rendered by an urban mass transportation system; (g) there are cities in this state in which the establishment and maintenance of an urban mass transportation system rendering adequate service is a substantial factor in maintaining real property valuations in the central business district and in the various industrial and residential districts; (h) there are cities in this state in which the establishment and maintenance of an urban mass transportation system is a substantial factor in furthering the purposes of the statutes intended to provide public housing, to provide for the redevelopment of blighted areas and to provide for publicly owned off-street parking facilities; (i) the establishment of urban mass transportation systems rendering adequate service in such cities is a public use and purpose for which public money may be spent and private property acquired; (j) it is the policy of the state of Indiana to foster and assure the development and maintenance of urban mass transportation systems in such cities; (k) in implementing said policy it is desirable that encouragement be given the private ownership and operation of urban mass transportation systems; however, (1) differing local conditions require differing methods of implementing said policy and each such city is to be afforded the maximum degree of flexibility in developing such method as it believes will most efficiently permit it to implement said policy. [Acts 1965, ch. 337, section 2, p. 994.]

WHEREAS, the State Budget has in the past provided funds for Mass Transit;
 WHEREAS, the State Budget Committee has recommended no further state funds for Mass Transit;
 WHEREAS, the Indianapolis Public Transportation Corporation will suffer the loss of matching Federal funds at least equal to the loss of state funds which loss of funds will seriously injure the capacity of Indianapolis Public Transportation Corporation to carry out its governmental responsibility, and
 WHEREAS, the General Assembly has denied to the Indianapolis Public Transportation Corporation and the City of Indianapolis the capability of raising said funds by any alternate means.
 NOW THEREFORE, BE IT RESOLVED by the City-County Council of the City of Indianapolis and Marion County, Indiana, that the General Assembly through its appropriate committees act favorably to restore adequate funding in the sum of three and one half million dollars (\$3,500,000.00) for Mass Transit from the State General Fund in the 1977 Biennium Budget.

SPECIAL ORDERS—PUBLIC HEARING

President SerVaas called for any proposal to be heard under Special Orders-Public Hearing.

PROPOSAL NOS. 1—5, 1977. The Chair gave consent to hear Proposal Nos. 1—5, 1977, as a whole since those proposals concerned the rezoning of certain tracks of farmland in Lawrence Township for multi-family and industrial uses.

The Chair then instructed the petitioner and the resmonstrators in the procedure for the public hearing. Each side, beginning with the petitioner, has 20 minutes or any part thereof to present their views. Either party may reserve any part of the 20 minutes for rebuttal. Following the presentation, Council members may ask questions. After questioning, the Council will vote. Twenty votes are required to reverse the Metropolitan Development's decision to grant the rezoning.

At 7:35 p.m., public hearing began with Walter Wolf, Attorney, presenting the views of the petitioners Paul W. & Claribel M. Stewart. Mr. Wolf stated that the Development Commission had approved the rezoning of the land 5 - 4. Letters from John M. Farrar, Lawrence City Engineer, were presented stating that water and sewers would be available and that the streets in that area could be widened.

Mr. Wolf concluded his initial presentation by stating that the mayor of Lawrence wanted and approved the rezoning and that the inclusion of the multi-resident dwellings would help the tax base in both Lawrence and Unigov. The petitoners presentation ended at 7:48 p.m.

The resmonstrators began their presentation at 7:49 p.m., with Mrs. Pat Brown of the Eastern Lawrence Township Planning Council introducing Mrs. Elsie Lytle who presented the first segment of the remonstrators' views. Mrs. Lytle gave the Chair a petition signed by 150 residents.

Mrs. Lytle gave the following as some of the reasons the residents were against the rezoning of eastern Lawrence property.

1. Destruction of the natural beauty of the area.
2. Cost of sewers and water.
3. Increased traffic.
4. Possibility of Fort Harrison closing gates before 6 a.m. and not opening them until after 8 p.m.
5. Destruction of the stability of the neighborhood.

Sergeant Major Emmanuel Harper presented the next segment stating that the rezonings were inconsistent with the Comprehensive Plan of Marion County.

Mrs. Nancy Folsom, Community Chairman, Eastern Lawrence Township Planning Commission, said that the commission had requested information for several Lawrence agencies such as the police and metropolitan school board; however, the agencies reply to questions concerning the rezoning were either:

- a. No plans or priorities.
- b. No authority to address the questions.
- c. Lawrence had ability to handle the growth as long as it was gradual.

Mrs. Folsom contended that the construction of multi-family dwellings was not gradual.

Mr. Tim Hoover began his presentation by giving the Chair a letter from the Indian Lake Improvement Association, Inc. Mr. Hoover said that 90% of the members of the Indian Lake Improvement Association, Inc., were against the rezoning for the following reasons:

1. Effect of development on the lake.
2. The multi-family resident will not lend itself to the inherent beauty of the lake.
3. Mr. Cox, newly appointed member of the Metropolitan Development Planning Staff, had no right to vote on this issue after attending only one meeting.

Mrs. Brown concluded the remonstrators' presentation at 8:09 p.m. by having members of all the organizations opposing the rezoning to stand.

Councilman Durnil requested to hear someone from the Division of Planning and Zoning. Chuck Gagan began a presentation until the Chair, on the objection by Mr. Cantwell, ruled that he limit his remarks to specific questions asked by the Council.

From 8:20 to 8:29 p.m., Mr. Wolf presented his rebuttal to the remonstrators, emphasizing that Lawrence Township had assured them that it could handle all of schooling, water and sewage, and road repair that the new dwellings would require.

Following questions and discussion, Mr. Schneider moved, seconded by Mr. Durnil, that the Council reject the rezoning petition of Proposal Nos. 1-5, 1977. The motion failed on the following roll call vote; viz:

9 AYES: Mr. Anderson, Mr. Dowden, Mr. Durnil, Mr. Miller, Mr. Rippel, Mr. Schneider, Mr. Vollmer, Mr. Walters and Mr. West.

3 NOT VOTING: Mr. Howard, Mrs. Journey and Mr. Pearce.

CITY—COUNTY GENERAL RESOLUTION NO. 4, 1977

A Council Resolution confirming and approving the appointment from the Mayor of the Chairman of the Marion County Criminal Justice Coordinating Council.

**BE IT RESOLVED BY THE CITY—COUNTY COUNCIL OF THE

PROPOSAL NO. 53, 1977. Councilman Dowden introduced this proposal adopting the Report of the Council's Ad Hoc Committee for Multi—Service Centers. Mr. Howard stated he disagreed with some of the report and presented to the Clerk a petition from UNWA—The United North West Area Association—stating they wanted to keep their multi-service center. Councilman Dowden read a report from Mayor Hudnut endorsing the work of the Ad Hoc Committee. Councilman Cantwell spoke against Proposal No. 53, 1977, saying that poor, black, democratic areas had been judged by affluent, white, republicans. Mr. Dowden stated that the Ad Hoc Committee was bipartisan. Following further discussion, Mr. Dowden moved, seconded by Mr. Clark, to adopt Proposal No. 53, 1977. The motion passed by voice vote.

Proposal No. 53, 1977, was retitled COUNCIL RESOLUTION NO. 5, 1977, and reads as follows:

CITY—COUNTY COUNCIL RESOLUTION NO. 5, 1977

A COUNCIL RESOLUTION adopting the Report of the Council's Ad Hoc Committee for Multi—Service Centers.

WHEREAS, the Council's Ad Hoc Committee for Multi—Service Centers has submitted the following report:

**INTERIM REPORT OF THE AD HOC COMMITTEE
FOR MULTI—SERVICE CENTERS**

We appreciate the cooperation we have received from multi—service center personnel during the inquiry by this committee. We have met many dedicated and sincere staff members and commend their dedication.

By and large, however, we found the City's multi—service centers with no common goals and objectives, uneven application of benefits and services, and poor or unacceptable standards of accountability. In addition, we found multi—service centers duplicating the delivery of certain social services presently better delivered by existing public agencies.

The Ad Hoc Committee favors the concept of multi—service centers staffed with professionally trained personnel capable of interpreting problems of distressed individuals and directing them to appropriate public or private agencies. Additionally, qualified Division of Employment and Training personnel, located in the centers, will counsel and assist unemployed persons in locating job opportunities and counseling said individuals in qualifying themselves for employment.

Multi—service centers should not be funded by government for activities better served by the private sector or established government agencies.

Applications of this policy to existing multi—service centers could reduce existing personnel, to be replaced by professional or experienced individuals in core assignments of referral and job counseling.

Lastly, the committee believes that municipal government should assure that future services be efficiently rendered and pertinent to recognized government responsibility.

SECTION 1. The report of the Council's Ad Hoc Committee for Multi—Service Centers is hereby approved and adopted.

After further discussion during which Mr. Boyd questioned the Chair about the intent and purpose of Proposal No. 53, 1977, Mr. Gorham moved, seconded by Mr. Boyd, to reconsider Proposal No. 53, 1977. The motion failed on the following roll call vote:

PROPOSAL NO. 43, 1977. 29-256.1 (a) The Department of Transportation of the City of Indianapolis is hereby authorized and empowered to grant to physically handicapped persons the exclusive use of parking space adjacent to their residence and place of employment, subject to such rules and regulations as the Department of Transportation may prescribe in areas where such parking is otherwise permitted and not restricted, in the manner provided herein.

(b) "Physically handicapped person" as used in this ordinance means any person certified by a qualified physician to be disabled in a manner rendering it impossible or difficult and burdensome for him or her to walk for an extended period of time (such as one year).

(c) Any person eligible by virtue of a physical handicap for special privileges under this section shall present to the Department of Transportation a written application, on a form furnished by the Department, for a Permit entitling that person to the exclusive use for a period of one calendar year from date of issue of one (1) parking space adjacent to the applicant's place of residence and one (1) parking space adjacent to the applicant's place of employment, where applicable. Such application shall include a certificate by a qualified physician verifying that the applicant is a physically handicapped person as defined in this section. Such an application for parking at a place of employment shall include evidence of approval by the employer.

(1) No applicant shall be granted a permit for more than one (1) reserved space adjacent to his place of residence and one (1) reserved space adjacent to his place of employment.

(2) No applicant shall be granted a permit who has access to offstreet parking at his place of residence and place of employment; with the exception that the Department may in its discretion grant a permit to an applicant who is able to demonstrate that the location of such offstreet parking renders it unduly burdensome for him to utilize same.

(3) Each permit granted pursuant to the provisions of this section shall be assigned an identification number.

(e) Upon the grant of such permit, the Department of Transportation shall:

(1) Issue to the applicant a Reserved Space Permit with an identification number.

(2) Mark the space(s) reserved by distinctive painting on the curb.

(3) Install a sign restricting use of the space to the permit-holder only, which sign shall show thereon the holder's permit number.

(f) From and after the granting of such permit, the permit-holder shall:

(1) Display the Reserved Space Permit in the windshield of any vehicle used by the permit-holder and parked in the reserved space.

(2) Promptly notify the Department of Transportation when he or she will no longer regularly use the parking space(s) allocated to the permit because of a change of residence or employment.

Any failure by a permit-holder to comply with the above requirements shall be grounds for refusal by the Department of Transportation to issue such a permit to such person thereafter, or to revoke such permit prior to expiration, or to make the issuance of further permits subject to reasonable conditions.

April 26, 1977

TO THE HONORABLE PRESIDENT AND MEMBERS OF THE CITY-COUNTY COUNCIL

PRESENTATIONS OF PETITIONS, MEMORIALS,
SPECIAL RESOLUTIONS AND COUNCIL RESOLUTIONS

Mr. Dowden commended Miss Elizabeth Samkowski and her staff at the Marion County Public Welfare Department for Marion County having the lowest error problem in Indiana. He requested that a newspaper article reproduction presenting these facts be given to each Council member. The Chair consented.

Councilman Gilmer requested that Miss Marilyn Ward and Miss Je-Taun Shepard, two caseworkers from the Marion County Department of Public Welfare, be allowed five minutes to express their views concerning the reductions in Proposal No. 103, 1977, at the April 25th Council meeting. Consent was given.

Miss Ward stated that the error rate had declined since the addition of eleven C.E.T.A. employees in 1974. If additional funds were not allotted, these employees would have to be released and the caseworker load would go from 110 cases to approximately 155 cases. She believed that with 155 cases per caseworker the error rate would increase. Miss Shepard concurred with Miss Ward's comments and added that with high case loads the turnover of caseworkers will become high. Also, she stated that if 58 C.E.T.A. employees are released in June, 3,300 cases will not have caseworkers.

Mr. Dowden explained that the Council gave a 5% increase in all department budgets last year for salaries and that the Council was in no way recommending the release of any employees, but in all fairness to the other departments the Council could not increase Welfare's budget.

Councilman Howard asked the Chair if a new ordinance could be introduced concerning the funding of the Public Welfare Department. The Chair stated a new proposal can be introduced at any time.

Councilman Miller introduced Mr. Art Strong, Chairman of the Mayor's Bicycle Task Force and an employee of the Department of Parks and Recreation. Mr. Strong presented a petition signed by 2,824 people interested in bicycling in Marion County and supportive of the Erie and Wabash canal bike path. Mr. Strong stated that this bike path would provide 9.3 miles of unobstructed route from Broad Ripple to downtown Indianapolis. Mr. Schneider asked how the names were obtained on the petition. Mr. Strong said a sub-committee of the Mayor's Bicycle Task Force had sent copies to the Indiana Bicycle Association. Mr. Strong requested the reinstatement of the Canal Bike Path into the Department of Transportation's Capital Budget.

Councilman Walters introduced the first and second place winners in the Mr. Indiana Contest, Eddy Love and Danny Morgan. The Mr. Indiana Contest is judged on body build developed mainly by weight lifting. Mr. Love and Mr. Morgan performed a routine which they had done for the contest.

Councilwoman Brinkman introduced Proposal Nos. 148 and 149, 1977, commending the Indianapolis Municipal Gardens - PAL Club 9 and 10, and 13 and 14 year olds Basketball Teams. After the proposals were read and the team members introduced, the Chair called the question on Proposal Nos. 148 and 149, 1977, together. The proposals passed by unanimous voice vote. They were retitled SPECIAL RESOLUTION NOS. 6 and 7, 1977, respectively, and read as follows:

CITY—COUNTY SPECIAL RESOLUTION NO. 6, 1977

A SPECIAL RESOLUTION honoring the Indianapolis Municipal Gardens - PAL Club 13 and 14 year olds Basketball Team.

WHEREAS; the Municipal Gardens - PAL Club Team did an outstanding job in representing Indianapolis by winning the 1977 AAU Junior Olympics State Championship; and

**BE IT RESOLVED BY THE CITY—COUNTY COUNCIL OF THE
CITY OF INDIANAPOLIS AND OF MARION COUNTY, INDIANA:**

SPECIAL ORDERS—PUBLIC HEARING

PROPOSAL NO. 142, 1977. The Council recessed to a Committee of the Whole at 8:14 p.m. The Chair stated that the procedures outlined in General Ordinance No. 20, 1977, would be followed for this rezoning hearing.

Councilman Tintera presented an opening statement stating that this zoning has a significant impact on the community (2 minutes). Next the petitioner (15 minutes) was represented by Randall Chilcote. Mr. Chilcote emphasized the following points: (1) the support of the use of this property for a softball diamond by Decatur Township businesses, civic organizations and senior citizens; (2) the donation of the field free of charge to other organizations; and, (3) the property

had been used for an athletic field since 1959. Mr. Chilcote also stated that his client had made a commitment to improve the location by (1) installation of restrooms, (2) constructing a hard-top parking lot and (3) removing the P.A. system.

Mr. Dave McNamar, attorney for the remonstrators, opened their presentation by introducing Mrs. Paula Hall. Mrs. Hall presented the Clerk with a petition with 114 signatures, pictures, and letters. She stated that her reasons for opposing the field were (1) the increased use of the field from 6-8 hours a week to 33 or more hours a week; (2) the softball diamond association had not obtained proper zoning; (3) they had not gotten a board of health certificate; (4) they had given Indianapolis Power and Light Company false information; and (5) some of the people in Decatur Township who support the softball field still believe it is for little league. Mr. Dan Green continued the remonstrators' presentation by stating the noise and lights were such a nuisance since he lived only 400 feet from the diamond. Mrs. Ann Hudner, a realtor for McClain-Matthews in Mooresville said it was virtually impossible to sell property in that area because of the softball diamond. The remonstrators reserved 2 minutes and 24 seconds of their presentation.

There being no comment from the general public, each Councilman had 2 minutes for questioning and debate. A number of Council members yielded their 2 minutes to Mr. Keith Walters, Councilman of that district. After considerable discussion, Mr. Walters closed by stating the owners of the softball association were donors to the community and men of honesty and integrity. He also stated he would not be voting on this issue.

The petitioner (5 minutes) closed his presentation by stating that both the hearing examiner and the commission had approved the rezoning and the petitioners had the right to have the rezoning. The remonstrators (7 minutes and 24 seconds) ended by projecting what the situation would be in five years.

The Chair called for the vote stating that a "yes" vote was for the petitioner and a "no" vote was for the remonstrator. Twenty "no" votes were needed to reverse the decision of the Metropolitan Plan Commission. The Commission was upheld on the following roll call vote; viz:

20 AYES: Mr. Bayt, Mr. Boyd, Mrs. Brinkman, Mr. Campbell, Mr. Cantwell, Mr. Clark, Mrs. Coughenour, Mr. Dowden, Mr. Durnil, Mr. Gilmer, Mr. Gorham, Mr. Hawkins, Mr. Howard, Mrs. Journey, Mr. McPherson, Mr. Miller, Mr. Pearce, Mr. Schneider, Mr. SerVaas, Mr. Vollmer.

8 NOES: Mr. Anderson, Mr. Kimbell, Miss Parker, Mr. Patterson, Mr. Rippel, Mr. Tinder, Mr. Tintera and Mr. West.

1 NOT VOTING: Mr. Walters.

**REZONING ORDINANCE NO. 61, 1977. 77-Z-33 DECATUR TOWNSHIP

SPECIAL ORDERS—PUBLIC HEARING

PROPOSAL NOS. 173, 178-180, 1977. The Council recessed to a Committee of the Whole at 8:00 p.m. The Chair stated the procedures outlined in General Ordinance No. 20, 1977, would be followed for this rezoning hearing.

Councilman Patterson began the hearing with a two minute explanation of reasons for opposing the rezoning. Next Mr. Robert Wildman, attorney for petitioners concerned with Proposal No. 173, 1977, made the following points: (1) the remonstrators are opposed to the proposed thoroughfare to be constructed in the rezoned land, not the rezoning itself, (2) funds have been appropriated for the thoroughfare and (3) if the zoning petition is sustained, this land will be zoned compatible to other parcels along Lafayette Road. Mr. Gerald Moss, attorney for the petitioners of Proposal Nos. 178-180, 1977, continued the presentation stating that (1) more area is zoned commercial in the Castleton area than in the Lafayette Road area and (2) the owners of the proposed rezoned land would contribute \$250,000 to the city for the building of the thoroughfare. Mr. Moss then explained a map describing the rezoned area. The petitioners reserved 3.08 minutes of presentation time.

Mr. James McKay, representative of the Moller Road residents, opened the remonstrators' presentation by stating (1) the proposed zoning would facilitate the construction of another shopping center and shopping centers in the area not used fully, (2) the citizens would be bearing the cost of a divided highway use by a private enterprise, and (3) the new thoroughfare would be a danger to children in the area. Mrs. Iva Adamson, President of the Northwest Speed Association, continued the remonstrators' presentation that a change in zoning would increase traffic, deteriorate the neighborhood, and decrease property values. Mr. Freeman Ketron, President of the Speedway Town Board, stated that a portion of construction already done by Speedway will have to be changed if the zoning

sustained. A resident from Pike Township said that citizens of Pike Township would have to carry the burden of the inconveniences the rezoning and thoroughfare would create, but not receive any of the tax revenue created by the businesses. Mr. Jack Monninger suggested the possibility of constructing a road at the north end of Lafayette Square.

There was no public comment. Council members each had two minutes for questions. The petitioners closed by stating the developers would contribute to the development of road and the thoroughfare would meet the need to decrease traffic at 38th Street and Lafayette Road. Mrs. Adamson made the closing remarks for the demonstrators emphasizing the danger of increased traffic for the children in the area. Councilman Patterson finished his closing remarks at 9:42 p.m.

The Chair stated that each proposal would be voted upon separately and explained that a "yes" vote sustained the petition and that 20 "no" votes were needed if the rezoning were to be overturned. The Commission was upheld on each of the following roll call votes; viz:

[Clerk's Note: The Chair called a five minutes recess at 9:46 p.m., and the Council reconvened at 9:52 p.m.]

PROPOSAL NO. 104, 1977. The Chair explained that the County's expenditures would exceed its income by a million dollars if the budget was not reduced. The Auditor stated that \$250,000 of other income could be located, but \$750,000 would have to be removed from the budget. The Auditor made a four percent cross the board county agency reduction and the agencies were required to show where cuts could be made. All agencies had made favorable responses except the Sheriff's Department which stated it could not absorb all which needed to be cut and the Marion County Home which had not responded. The Chair instructed the Chairmen of the County & Townships and Public Safety & Criminal Justice Committees to review with the Auditor all agencies' budgets within their jurisdiction by the next meeting. CITY—COUNTY SPECIAL RESOLUTION NO. 9, 1977

Be it Resolved by the City-County Council of the consolidated City of Indianapolis in Marion County, Indiana:

It is the sense of the City-County Council that the property tax paid by the taxpayer within Marion County, Indiana should, wherever possible be reduced. The County Special Employment Tax is a means to further reduce the property tax paid by the residents of Marion County, Indiana.

In adopting the County Special Employment Tax for the support of the Indianapolis Public Transportation Corporation, it is the sense of the Council that the Indianapolis Public Transportation Corporation Board of Directors, who are charged with the responsibility to levy property tax assessments for the Indianapolis Public Transportation Corporation operating fund shall refrain from assessing real and personal property in Marion County, Indiana for ad valorem property taxes for the operating fund of Indianapolis Public Transportation Corporation, so long as the County Special Employment Tax is in effect.

It is further the sense of the Council that this matter shall be reconsidered by the City-County Council on or before July 1, 1981.

- B_c = \$0.026 per pound
- S_c = \$0.045 per pound
- C_c = \$1.17 per month

Minimum Charge and Base Level

The minimum charge on any monthly billing for an industrial user shall be \$3.13 and non-industrial user shall be \$3.00. Further, for the purpose of the foregoing formulae, the BOD base level shall be 250 milligrams per liter and SS base level shall be 300 milligrams per liter. The industrial and non-industrial rates and charges will be based on the quantity of water used on or delivered to the property or premises subject to such rates and charges, as the same is measured by the water meters in use and the strength of the waste where applicable except as hereinafter provided.

Sec. 27-103. Industrial Cost Recovery Charge Imposed. For each industrial user of the waste water works, or part thereof that was constructed in whole or in part with Federal Construction Grants made to the City pursuant to the Federal Water Pollution Control Act Amendments of 1972, said industrial user shall be charged and pay to the City that portion of the cost of construction of the waste water works which allocable to the treatment and transportation of such industrial waste to the extent attributable to the Federal share of the cost of construction. The board of public works is hereby empowered to establish, by resolution, such industrial cost recovery rates consistent with Federal law, U.S. Environmental Protection Agency Rules and Guidelines, as soon as practical after the final Federal grant or grants amounts have been determined. No such rate shall be established until after a public hearing. Said public hearing shall be in accordance with the procedures set forth in IC 19-2-14-4.

Sec. 27-104. Billing Estimates and Reports.

(a) In the event a non-industrial user subject to such rates and charges is not served by a public water supply or water used is not completely metered, the director shall have the authority to estimate the volume and strength of the waste and use such estimate for the purposes of billing rates and charges. The estimates shall be based upon analysis and volumes of a similar installation or the volume and analysis as determined by measurements and samples taken by the director or an estimate determined by the director or by any combination of the foregoing or other equitable method.

(b) Unless otherwise established by the director, each industrial user subject to the rates and charges shall report to the director by the 10th day of the following month on a form prescribed by the director an estimate of the volume discharged in the prior month and a representative value of the strength of the waste, including but not limited to BOD, S.S. and Nitrogen. All measurements, tests and analyses of the characteristics of such waste shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Sewage" as published jointly by the American Public Health Association and the Water Pollution Control Federation consistent with 40 CFR Part 136 or by other methods generally accepted under established sanitary engineering practices and approved by the director. The reports submitted shall be subject to verification by the director but may serve as the basis for billing with all necessary adjustments in the amounts to be made after verification. In the event an analysis and volume of the industrial waste is not furnished to the director by the aforementioned time, the charges shall be based upon estimates made by the director, as provided in Section 27-104(a).

(c) The director shall have the right to enter upon the land of the industrial user and to set up such equipment as is necessary to verify the reports submitted. It shall be the duty of the industrial user to provide all necessary clearance before entry and not to unnecessarily delay or hinder the director in carrying out the measuring and sampling. The right of entry shall exist during any time the industrial user is operating or open for business.

(d) In cases where measurements are difficult to make, or the industrial waste composition changes frequently, or representative samples are difficult to get, or where other methods of measurement are necessitated for other sound engineering reasons as determined by the director, the director shall have the authority to use such other basis for determining said charges as shall be reliably indicative of volume and BOD, S.S., and Nitrogen strengths of particular industrial waste, such as, but not limited to, water purchase or usage, character of products, comparisons between the industrial user data and collected data from like industries.

(e) The cost of all tests, measurements and analyses taken by the Director pursuant to the Department of Public Works' responsibility to perform "Industrial Monitoring Programs" defined and directed by local, state and Federal agencies shall be charged to the Industrial User tested in an amount equal to the actual average cost of said test, measurement or analysis as determined at the close of each calendar year. These costs shall be due and payable as provided in this Division.

Sec. 27-105. Contract for Billing by the Indianapolis Water Company.

(a) The board is authorized to enter into a contract with the Indianapolis Water Company for the use of its services in ascertaining water volume to be utilized in determining charges imposed by this Ordinance and in billing for and collecting such charges and for the payment to it of just and reasonable compensation for its said services.

(b) Billings for such rates and charges provided for by this Ordinance shall be made in a cycle which coincides with the billing procedure of the Indianapolis Water Company, or in the case where the person subject to such rates and charges is not a customer of the Indianapolis Water Company, such billing cycle shall be determined by the director.

(c) Rates and charges shall be due to the department of public works within seventeen (17) days after mailing of billings. All payments made by a person based upon the reports submitted as provided for in this division shall become final unless verification is made and notice given by the director of necessary adjustments within one (1) year of said payment. Underpayment of charges based on errors in users' reports and estimates shall be billed on ascertainment thereof. Overpayment of charges arising from any cause shall first be applied to unpaid billings.

Sec. 27-106. Use by Other Political Subdivisions. No use of the waste water works shall be allowed by any other political subdivision of the State unless and until the director shall have determined that all rates and charges including industrial cost recovery of such political subdivision are consistent with this Ordinance, the laws of the United States and regulations of the U.S. Environmental Protection Agency.

"Person" shall mean any individual, partnership, trust, firm company, association, society, corporation, group, governmental agency, including but not limited to, the United States of America, the State of Indiana and all political subdivisions, authorities, districts, departments, agencies, bureaus and instrumentalities thereof, or any other legal entity.

"Sanitary sewer" shall mean a sewer which carries sewage and to which storm, surface and ground waters are not intentionally admitted.

"Sewer" shall mean a pipe or conduit for carrying sewage.

"Slug" shall mean any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes, more than (5) times the average twenty-four-hour concentration or flow during normal operation.

"Storm drain or storm sewer" shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes, other than unpolluted cooling water.

"Suspended solids (S.S.)" shall mean solids that either float on the surface of, or are in suspension in, water, sewage or other liquids, and which are removable by laboratory filtering.

"Waste water" shall mean a combination of the water-carried wastes from residences, business buildings, institutions and industrial establishments, together with such ground, surface and storm waters as may be present.

WHEREAS, National Starch and Chemical Corporation (the "Company"), by Exhibit A, a copy of which is attached hereto and hereby made a part hereof, has advised the City that it has under consideration a program for the acquisition and construction at its Indianapolis manufacturing facility located in the City of certain pollution control facilities (the "facilities") described in Exhibit A; and

WHEREAS, the Company has further advised the City in such Exhibit A that a determination by the City to issue its revenue bonds under the Act to finance the acquisition and construction of the facilities under certain contractual arrangements, whereby the City would either lease the facilities to the Company or make a loan to the Company of the net proceeds derived from the issuance and sale of such bonds for the financing of the facilities and the Company has agreed to pay or reimburse costs of the City whether or not such bonds are issued; and

**BE IT RESOLVED BY THE CITY—COUNTY COUNCIL OF THE
CITY OF INDIANAPOLIS AND OF MARION COUNTY, INDIANA:**

SECTION 1. The City-County Council finds and determines that the control of pollution at the Indianapolis manufacturing plant of the Company is desirable to preserve the health, safety and general welfare of the inhabitants of the City, and that it is in the public interest that the City take such action as it lawfully may to encourage control of pollution at the Indianapolis manufacturing plant of the Company.

SECTION 2. The City-County Council further finds and determines that the issuance and sale of revenue bonds of the City under the Act and the loaning of the net proceeds derived therefrom to the Company to finance the acquisition and construction of the facilities or the leasing of the facilities to the Company will serve the public purposes referred to above, in accordance with the Act.

SECTION 3. In order to induce the Company to proceed with the acquisition and construction of the facilities, the Common Council hereby determines (i) that it will authorize, issue and sell one or more series of revenue bonds of the City pursuant to the Act in a principal amount sufficient to pay the cost of acquisition and construction of the facilities, including reimbursement or repayment to the Company of any moneys expended by the Company for planning and engineering, interest to be paid during construction, underwriting expenses, attorney and bond counsel fees, and other costs incident to the authorization, issuance and sale of such bonds, the aggregate qualifying cost thereof being presently estimated not to exceed \$1,000,000, and will enter into contractual arrangements to either lease the facilities to the Company or to make a loan to the Company of the net proceeds derived from the issuance and sale of such bonds for the financing of the acquisition and construction of the facilities whereby the payments to be paid by the Company shall be sufficient to pay the bonds and the interest thereon, as and when the same shall become due and payable; that (ii) it will adopt such ordinances and resolutions and authorize the execution and delivery of such instruments and the taking of such actions as may be necessary or advisable for the authorization, issuance and sale of the bonds; and that (iii) it will take or cause to be taken such other actions as may be required to implement the aforesaid, or as it may deem appropriate in pursuance thereof; provided, that all of the foregoing shall be as authorized by law and as mutually acceptable to the City and Company.

SECTION 4. It is hereby recognized that the issuance and sale of revenue bonds by the City under the Act for the purposes set forth herein shall be subject to the City's obtaining all approvals as may be required under the Act, including the advice of the Indianapolis Economic Development Commission.

SECTION 5. To the extent permitted by the Act, the Company may make such changes in the facilities as it may deem necessary or desirable in the light of the then existing regulations and/or technology, provided, that the changed facilities will constitute air or water pollution control or solid waste disposal facilities within the meaning of Section 103 of the Internal Revenue Code of 1954, as amended, and the regulations issued thereunder..

SECTION 6. The City-County Council recognizes that the aggregate principal amount of revenue bonds herein authorized may not be sufficient to complete the facilities and agrees that the documents relating to the bond issue may permit the issuance of additional bonds from time to time to complete the facilities.

SECTION 7. The City-County Council further recognizes that the Company may request a ruling from the Internal Revenue Service in respect of the proposed facilities concerning whether certain portions thereof are properly allocable to pollution control. Accordingly, if such a request is made, the City-County Council determines that the authorization hereunder to issue revenue bonds for the proposed facilities will extend to only such principal amount of bonds as will be necessary to pay the allowable costs thereof allocable to pollution control.

SECTION 8. This resolution is hereby declared to constitute "some other similar official action" of the City within the meaning of Section 1.103-8(a)(5) of the Income Tax Regulations issued by the United States Treasury Department.

Following discussion during which Mr. Vollmer stated that this proposal had been heard before the Municipal Corporations Committee on June 15, 1977, Mr. Tintera moved, seconded by Mr. Gilmer for the adoption of this proposal. SPECIAL ORDERS – FINAL ADOPTION

PROPOSAL NO. 464, 1977. Councilman Tinder began the public hearing at 7:58 p.m., concerning the desire of citizens from the neighborhood near 65th and Keystone to have the Council reverse the decision of the Metropolitan Plan Commission to rezone 65th and Keystone from C-1 to C-3. Two minutes were allotted for Mr. Tinder's opening comments in which he stated that concurrent with the Metropolitan Plan Commission would undo the planning of 1975 as before and that 59 residents of the area were against this. He added that the petitioner had additional storage room at his present location and it was not necessary for him to construct on this site in order to expand.

According to the rules of procedure concerning rezoning hearings, the petitioners had twenty minutes to present their case. Mr. Henry Dein, attorney for Mr. Wayne Throgmartin, used an opaque projector to describe the land which Mr. Throgmartin wished to have rezoned. He stated that property tax loss to the city would be over one million dollars. Mr. Wayne Throgmartin, President of H. H. Gregg Appliances, explained to the Council his need to relocate because the new location would become the home office and larger facilities are needed, the parking problem would be resolved, and the importance of remaining in the same general area in which H. H. Gregg Appliances has been located for 23 years. Mr. Robert Sells, a member of the Society of Real Estate Appraisers, concluded the petitioners' presentation by stating that the construction of a small shopping center at the proposed site would not cause the value of the homes in the area to decline. (The petitioners saved the remaining 13.3 minutes for rebuttal).

Mr. Russell Kraay, a member of the Keystone Reform Church, which would be located directly adjacent to the proposed shopping center, began the remonstrators' presentation. He said that allowing the construction of the shopping center would contradict Planning & Zoning's policy since 1966 to keep this area residential. Mrs. Hilda Poer then stated the aesthetic value of the area would be ruined. Mr. Ron Goad cited increased traffic as another hazard the shopping center would bring to the area and mentioned that the area had adequate shopping facilities provided by Glendale and Norgate Shopping Centers. Mr. David Schörtinghuis, Vice-President, Keystone Reform Church, concluded the remonstrators' presentation by stating the proposed shopping center would cause increased water run-off and basement flooding. The culverts and ditches in the area are already full. (Two minutes remained for remonstrators' rebuttal).

During the petitioner's rebuttal, Mr. Lowery, Registered Architect, stated that the shopping center would have no negative effect on drainage. Mr. Burke Mendenhall, General Contractor and Real Estate Developer, told the Council the personal property tax on this developed land would be \$30-\$50 thousand a year.

Following Council questions, Mr. Kraay presented the rebuttal for the remonstrators, encouraging the Council to listen to the desires of the citizens.

Mr. Tinder closed the public hearing at 9:10 p.m., by stating that the construction of this shopping area would leave another blighted area at 52nd and Keystone and he believed this shopping center would not be able to compete against the Glendale and Norgate Shopping Centers. He therefore moved the defeat of the petitioner's request.

President SerVaas then called for the vote explaining that a two-thirds majority (20 votes) was needed to override the decision of the Metropolitan Plan Commission. The Metropolitan Plan Commission was upheld on the following roll call vote; viz:

AYES: Mr. Bayt, Mr. Boyd, Mr. Campbell, Mr. Cantwell, Mr. Howard, Mrs. Burney, Mr. Pearce, Mr. Vollmer and Mr. Walters.

3 NOES: Mr. Anderson, Mrs. Brinkman, Mrs. Chambers, Mr. Clark, Mr. Dowden, Mr. Dumil, Mr. Gilmer, Mr. Kimbell, Mr. McGrath, Mr. McPherson, Mr. Miller, Mr. Patterson, Mr. Rippel, Mr. Schneider, Mr. SerVaas, Mr. Tinder, Mr. Tintera, and Mr. West.

Proposal No. 464, 1977, was retitled REZONING ORDINANCE NO. 161, 1977, and reads as follows:

**REZONING ORDINANCE NO. 161, 1977. 77-Z-110 WASHINGTON TOWNSHIP
COUNCILMANIC DISTRICT NO. 7**

6421 NORTH KEYSTONE AVENUE, INDIANAPOLIS

William Throgmartin, 5252 North Keystone Avenue by Henry Y. Dein, Attorney, One Indiana Square No. 1650 requests rezoning of 5.65 acres, being in C-1 district, to C-3 classification to permit a neighborhood shopping center.

[Clerk's Note: The Chair called a five minutes recess at 9:15 p.m., and the Council reconvened at 9:30 p.m. During this time, Councilman Cantwell was excused].

PROPOSAL NO. 475, 1977. Mr. Miller presented the Administration Committee report stating the transfer was necessitated by increased telephone and travel costs, postage, office equipment and repair. Following discussion, Proposal No. 475, 1977, was adopted on the following roll call vote; viz:
